

Michael Julius T. Rola

Marikina City, Metro Manila | 0976 4127 503 | rolamaki05gmail.com | www.linkedin.com/in/michael-julius-rola-893196337

CAREER OBJECTIVE

I am an aspiring IT professional looking to apply my technical foundation in a fast-paced industry environment. I aim to contribute to a development team, master new technologies, and continuously improve my technical and interpersonal skills to deliver high-quality solutions.

EDUCATION

Technological Institute of the Philippines Bachelor of Science in Information Technology General Weighted Average: 1.52 Honors: Cum Laude	Cubao, Quezon City 2022 - 2026
Technological Institute of the Philippines Accountancy, Business, and Management (ABM)	Cubao, Quezon City 2020 - 2022

INTERNSHIP EXPERIENCE

Shepherd's Voice Radio and Television Foundation Inc. Web Developer Intern	60 Chicago St. Barangay Pinagkaisahan, Cubao Quezon City January 20, 2026 - April 17, 2026
- Developed a comprehensive internal HR platform to streamline employee tracking, leave management, and asset workflows. - Engineered the application using React (Vite) and NestJS, and utilized Docker for containerization to ensure consistent and isolated development environments. - Designed a robust PostgreSQL database, implementing automated triggers for multi-day leave synchronization and real-time balance tracking to optimize administrative efficiency. - Implemented strict role-based access control (RBAC) and departmental data isolation to guarantee secure, level-appropriate access for all organizational users.	

PROJECT AND TECHNICAL EXPERIENCE

EchoWear: Smart Glove Translator (Capstone Project) Frontend / 3D Developer	2025 - 2026
- Modeled, textured, and animated 3D hand models in Blender to accurately display the sign language gestures on screen. - Designed the frontend layout of the mobile application, creating a clean and responsive user interface for the project.	
Pour Decisions: E-commerce Web App (Course Project) Frontend Developer	2024
Architected and developed responsive user interfaces for various e-commerce landing pages utilizing a core stack of HTML, CSS, and JavaScript.	
3D Development & Production (IT Track)	2024 - 2025
- Modeled, textured, and animated 3D assets and environments using Blender and Unity for multiple digital projects. - Managed the 3D production process, including rendering and visual compositing, to create high-quality assets ready for application use. - Integrated 3D elements into mobile platforms, developing interactive Augmented Reality (AR) and Virtual Reality (VR) experiences.	

WORK EXPERIENCE

Event Marshall (Part-Time) switch asia	SMX Convention Center Manila, Pasay, Metro Manila September 2025
Event Marshall (Part-Time) switch asia	SM Mega Mall, Mandaluyong, Metro Manila January 2026
Event Marshall (Part-Time) switch asia	Shangri-La The Fort, Manila, Taguig, Metro Manila March 2026
Event Marshall (Part-Time) switch asia	SMX Convention Center Manila, Pasay, Metro Manila April 2026
- Assisted and guided guests at event booths, ensuring smooth flow and customer satisfaction. - Interacted with attendees and provided clear instructions and support. - Helped maintain an organized, pleasant event experience during peak hours.	

KNOWLEDGE, SKILLS, AND ATTITUDE

- Front-end Development: Builds responsive user interfaces using HTML, CSS, JavaScript, and React (Vite)
- Mobile Development: Develops cross-platform applications using React Native
- Game & 3D Development: Creates 3D assets and basic game environments using Blender and Unity
- UI/UX Design: Designs user-friendly interfaces and prototypes using Figma, Canva, and Adobe Photoshop
- Creative Thinking: Generates innovative ideas and design solutions
- Analytical Skills: Analyzes problems and applies logical solutions
- Time Management: Manages tasks efficiently and meets deadlines

- Teamwork: Collaborates effectively in group and project-based settings
- Adaptability: Quickly learns new tools and adjusts to changing requirements
- Communication: Clearly communicates ideas in both technical and non-technical contexts

CERTIFICATIONS AND TRAININGS

Data Analytics Seminar and Workshop - Eurovotika	Unit 703 Parc House II 21 Edsa, Guadalupe Nuevo, Makati City February 4, 2024
Python Programming Applications Seminar and Workshop - Eurovotika	Unit 703 Parc House II 21 Edsa, Guadalupe Nuevo, Makati City February 4, 2024
Artificial Intelligence Seminar - JISSA - T.I.P. Q.C., ACM - T.I.P. Q.C.	Technological Institute of the Philippines, Quezon City April 8, 2024
Technical Support Fundamentals - Google	February 6, 2026
Foundations of User Experience (UX) Design - Google	May 24, 2026
Google AI Essentials - Google	June 2, 2026

AFFILIATION

• Dean's Lister (1st Semester)	2025 - 2026
• VPAA's Lister (2nd Semester)	2024 - 2025
• VPAA's Lister (1st Semester)	2024 - 2025
• Dean's Lister (2nd Semester)	2023 - 2024
• Dean's Lister (1st Semester)	2023 - 2024
• Dean's Lister (2nd Semester)	2022 - 2023
